

## Healing House, a ministry of Metro Hope

*Residential programming for women & their children, coming from addiction, prostitution, chronic poverty & prison.*

*Unique to Minnesota, Healing House is a 12-18 month residential safe-haven for women and their children as they recover from wounds of addiction and rebuild their lives. This charity event benefits the women & children of Healing House, who in many cases, have not been able to get the help they needed beforehand. This Fashion Show event will raise awareness & support for the services and programs of Healing House, and our guests will be 200 business and community minded women from across the Twin Cities. Your commitment to sponsor this special event will help us offset the costs of putting this event on, so that the entire proceeds of the day will be invested in the women & children of Healing House. Healing House, opened in 2006, is a service of Metro Hope Ministries, a faith-based recovery resource serving the community since 1926.*
